Irfan Khan
UX/UI Designer & Front-end Developer

Gurgaon | 7838957053 | irfanoptimistic@gmail.com **Portfolio :** https://khan-uiux.github.io/portfolio/

Profile

Creative and detail-oriented UI/UX Designer & Frontend Developer with 3+ years of experience crafting responsive landing pages and user interfaces. Skilled in translating design concepts into clean, semantic HTML/CSS, with hands-on knowledge of JavaScript and modern frameworks. Strong focus on user experience, accessibility, and cross-browser compatibility

Work Experience

UI/UX Designer - PolicyX.com (Sep 2022 - May 2025)

- Designed and implemented responsive landing pages using HTML, CSS, JavaScript, and jQuery.
- Collaborated with developers to convert Figma designs into pixel-perfect UIs.
- Focused on performance, accessibility, and mobile-first design practices.

Graphic & Web Designer - Haut IT Solutions (Apr 2022 - Sep 2022)

- Created visually engaging landing pages aligned with brand identity.
- Delivered SEO-friendly, responsive markup using semantic HTML and CSS.
